Royal Botanic Garden  
Edinburgh adopted  
one of artist Ellie  
Harrison's four  
*Early Warning Signs*  
in January 2020.

Originally made for  
2 Degrees Festival  
in 2011, each year  
four venues are  
invited to host these  
'CLIMATE / CHANGE'  
signs, which are  
activated by the  
wind, animating  
an increasingly  
urgent message.
